### Schwarze Secures Second Order with City of Austin, Texas

(Huntsville, Ala.) July 14, 2010 – Schwarze Industries, one of the world’s largest street sweeper manufacturers, announced today that they have secured a second order of A7000 Regenerative Air Sweepers with the city of Austin, Texas.

The order will send three A7000 units to the capital city, making a total of six

Schwarze sweepers at the city’s disposal. “Repeat business is what we’re all about,” said Raymond Massey, Director of Sales and Marketing for Schwarze. “It lets us know we’re doing something right. Our sweepers were already an invaluable addition to the city of Austin, and this will only strengthen their fleet’s ability to keep the city clean.”

The Schwarze A7000 Regenerative Air Sweeper’s basic design has been a municipal standard for more than 20 years, and can be used in a wide range of demanding road-sweeping applications.

## About Schwarze Industries:

Since its inception more than 30 years ago, Schwarze Industries, Inc. has grown to become one of the world's largest street sweeper manufacturers and a leader in sweeping technology. Headquartered in Huntsville, Ala., Schwarze has a workforce of more than 200 employees, manufacturing street sweepers, parking lot sweepers and road repair units. In 1996 Schwarze opened a manufacturing facility in Brisbane, Australia to meet the demand for products in other parts of the world. To date, Schwarze Industries' products operate in more than 35 countries.

For more information on the Austin, Texas order, visit [www.schwarze.com](http://www.schwarze.com) or contact Raymond Massey at 800.879.7933.
